

Test Correction Policy – Deutsch

Students will receive *half of original possible points* for questions missed on a test if meeting *all* of the following criteria:

- ✓ Submissions are due exactly one week after tests are returned in class, *at the beginning of class* - NO EXCEPTIONS (if sick that day, someone else must turn your packet in for you, and if you are sick the day tests are returned, you still have the same due date as all other students). Due dates are otherwise when indicated by Frau Sos. Frau Sos reserves the right to adjust (shorten/lengthen) this as she feels necessary. It is the student's responsibility to pay attention to all announcements.
- ✓ Test corrections only apply to the written portion of tests.
- ✓ Must include *all* of the following: 1) correct answer to original question, 2) two or three bullets of clearly explained reasoning (based on complexity of question), 3) your own original example illustrating the same grammatical point (not from the textbook), and 4) textbook page numbers where these rules are located.
- ✓ Students cannot receive help from Frau Sos for test corrections.
- ✓ Submission must be typed, font 12, and must be no longer than *the front of two pages*.
- ✓ Rationale and corrections must be submitted with the original test.
- ✓ Frau Sos reserves the right to allow/disallow test corrections based on her personal evaluation of each individual assessment.
